

# PRIVATE SCHOOLS: PRIVATE ELEMENTARY AND SECONDARY SCHOOLS IN THE BOSTON AREA

This is not a complete list. Other schools in the Boston metropolitan area can be found in the Yellow Pages of the telephone directory under "Schools -- College Preparatory; Nursery Schools and Kindergartens."

Parents interested in more information regarding application procedures and fees should address a letter to the admissions director of the school. In most cases, application must be made in the late winter preceding the expected enrollment in September. Most schools notify applicants of admission in March or April. However, some schools may have spaces remaining through the end of the summer or at the beginning of the school year. Scholarship aid, tuition abatement and/or sliding scale fees are sometimes available.

The inclusion on this list does not imply any endorsement from the HIO or Harvard University. We suggest you call and make an appointment to visit a school which interests you. All phone numbers are area code 617 unless otherwise noted.
