## AY2025-2026 GSAS Program Extension/Update Request Form Instructions

GSAS students requesting I-20/DS-2019 extensions must submit this form **30 days before** the I-20/DS-2019 program end date. Do not submit this form if you have applied for F-1 Post-Completion OPT (Optional Practical Training) or J-1 Post-Completion AT (Academic Training).

**Step 1:** Student completes the Student Section of the Request Form.

**Step 2:** The student emails form to the Academic Department Administrator to complete the Department Section

**Step 3:** The Department Administrator emails the completed form back to the student.

**Step 4:** The student emails completed form (and additional proof of funds, if necessary) back to the HIO Advisor.

The HIO will email your update I-20 or DS-2019 within 5-7 business days.

Before emailing the completed form to the HIO, students should review the University Funding information given by the Department Administrator to verify if your financial award **fully covers** tuition, fees and estimated living expenses. If the University funding does not fully meet your financial requirements **the student is responsible** for providing proof of personal funds to meet the financial requirements. (e.g., personal bank statement, family funds, loan information, etc.)

**F-1 students** must provide proof of funding for the next two semesters if requesting an extension of one year or more. **J-1 students** must provide proof of financing for the **entire DS-2019 period**.

### [Tuition & Fees]

Doctoral      G-1 & G-2: \$63,436      G-3 & G-4: \$21,012      G-5 & above: \$9,900

AM/SM      G-2: \$63,436      CSE/ME & SM – G-2: \$32,768      Data Science – G-2: \$32,768

### [Estimated Living Expenses]

Student: \$44,100 per 12 months (\$3,675 / month) – **applies to ALL students**

Spouse - \$16,500 (\$1,375 / month)    1st Child- \$10,955 (\$913 / month)    Add Per Child - \$8,700 (\$725 / month)

### [Note]

- Extensions for the summer only do not require financial certification for tuition and fees. Proof of funds for living costs are still needed.
- Students utilizing the GSAS Dissertation Completion Fellowship (DCF) as financial support must enter the amount as a numeric figure. Otherwise, HIO cannot report the DCF to SEVIS as valid funding. You may enter the current academic year's DCF amount even if you will receive the fellowship in a future academic year.
- Travelling scholars who will be outside the U.S. during the extension period may use a reduced living cost at  $\frac{1}{4}$  of the estimated cost above. Students who wish to use this reduced living expense figure should **attach** a copy of the Traveling Scholar approval notice issued by the GSAS Office of Student Success. Otherwise, HIO will calculate the required living cost in the same amount as you see here.
