Report Change of Address

Immigration regulations require that all non-U.S. citizens report their residential addresses within 10 days of their entry to the United States and subsequently report any changes of addresses within 10 days to the immigration authorities. This requirement applies to all non-U.S. citizens who intend to stay in the United States for more than 30 days.

Please note that the HIO is not able, at this time, to report or collect address changes to and from other University offices automatically. Therefore, international students and scholars must report their address changes directly to the HIO, and other appropriate University offices (e.g., term bill office, registrar, etc.).

2. Student Interns may return to the U.S. on a different kind of visa during the bar period, such as B1/B2 tourist visa or J-1 or F-1 student visa.

3. The J-1 Student Intern visa is limited to 12 months per degree program and eligible students must be enrolled in a degree program outside the U.S.
2-Year Home Residence Requirement

• If you are subject to 212(e), you are ineligible for a long-term visa in the U.S., e.g., H-1B work visa or Permanent Residency/Green Card, until you have fulfilled or waived the requirement.

• Always consult with your HIO Advisor before applying for a waiver of the 212(e).
